

CLEARBLAST® 150

Experience. Innovation.

Fight corrosion and restore beauty in all of your surface preparation jobs with the CLEARBLAST® 150. It's superior design, derived from a team that has been in the industry for over a decade, brings you unrivalled efficiency, a quick and easy setup and ultimate portability. Drive your cost of operation way down and maximize profits every time you pull the trigger. The CB150's intuitive controls allow you to go from zero to blast, in just 5 minutes! Greatly reduces material cost using just 50-75lbs. of abrasive PER HOUR while maintaining peak performance needed to blast away heavy rust and coatings at incredible rates! Containment needs and residual mess are kept to a minimum thanks to expelling just 3 gallons of water per hour. **The choice is CLEAR!**
